

Hi Vis Polyurethane Waterproof Coverall (RIS-3279) Orange

Pack Quantity: 1

Crafted from breathable polyester with a durable PU coating, it provides excellent waterproof performance while allowing moisture to escape for added comfort. The integrated hood with drawcord offers adjustable protection against wind and rain, while the zip front with studded storm flap ensures a secure, weather-tight closure.

Elasticated storm cuffs and studded ankles help seal out the elements, delivering a snug fit that moves with you. For enhanced durability and protection, the coverall features stitched and welded seams to prevent water ingress. Finished with retro reflective tape, it improves visibility in low-light conditions, helping you stay safe on site.
